SOLAR + RENEWABLES Maha World Expo | Summit | Awards 2027 is a premium industry platform bringing together manufacturers, project developers, technology providers, investors, policy stakeholders and energy buyers to accelerate India's clean-energy transition.

India's Current Status

India has emerged as one of the world's fastest-growing renewable energy markets.

Renewable energy capacity is about 299 GW, including over 171 GW solar and 59 GW wind.

Non-fossil installed power capacity has crossed 308 GW.

India has already crossed 50% installed power capacity from non-fossil sources.

Future Growth & Potential

Target of **500 GW** non-fossil power capacity by 2030.

Massive growth potential in solar, wind, storage, hybrid power and green hydrogen.

Strong opportunities in manufacturing, EPC, project development and digital energy solutions.

Driven by energy security, decarbonisation, investment and industrial competitiveness.
